Agenda

- WeVideo overview
- What makes assessments authentic?
- Explore authentic assessment opportunities
 - Anticipatory sets
 - Digital vocab cards
 - Learning reflections
 - The list goes on...
- Logistics
- Resources

Authentic Assessments

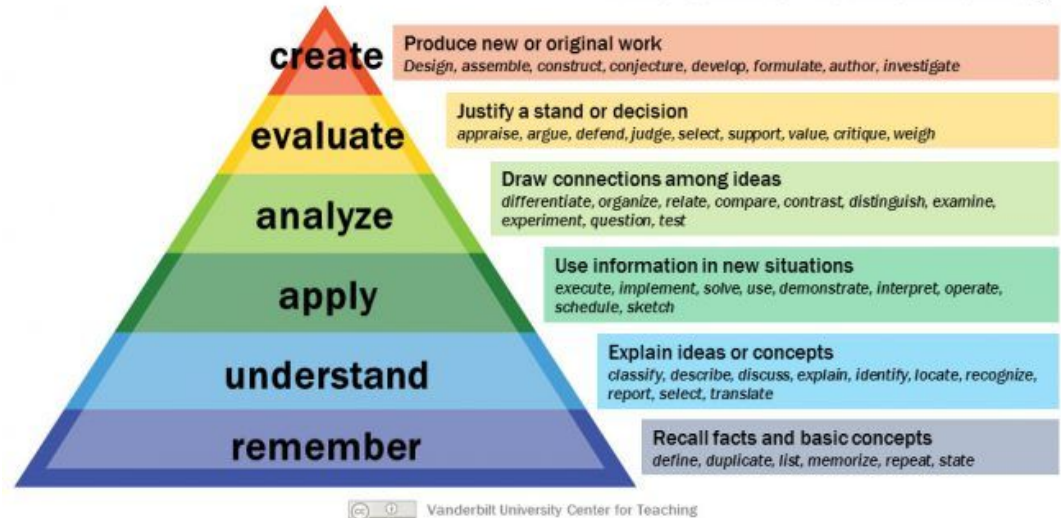

Authentic Assessment

Authentic assessment evaluates whether the student can successfully transfer the knowledge and skills gained in the classroom to various contexts, scenarios, and situations.

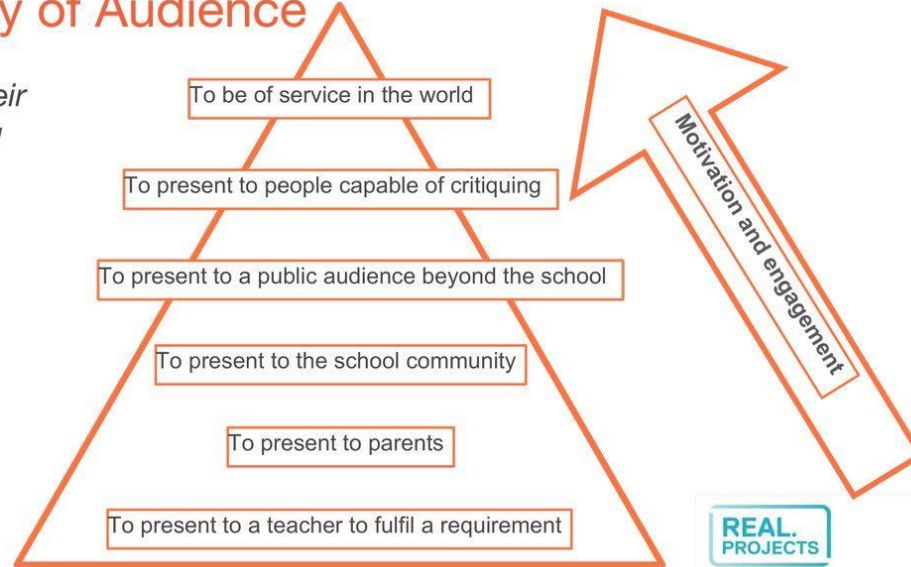

- Real world engineering problem
- Develop a web application
- Design a model
- Critically review case studies
- Create multimedia presentations

Bloom's Taxonomy

Own Learning*

Examples

Anticipatory Sets with WeVideo

Activate prior knowledge by creating a gif/meme expressing one of the following:

Activate Prior Knowledge

English Language Development...

Preview

- Share what you know
- Your feelings
- Your thoughts or opinions
- Your related experience(s)

Develop Academic Vocabulary

Build academic vocabulary and content knowledge

Biodiversity
(n) [bio-di-ver-si-ty]
biological diversity in an environment as indicated by numbers of different species of plants and animals

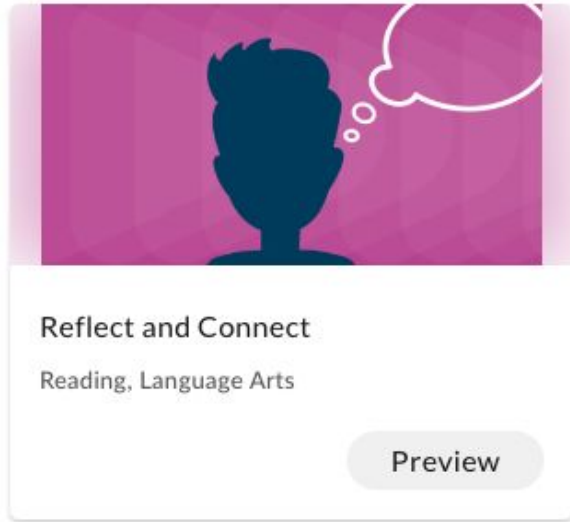

Example Activity: Create a 4 Quadrant Frayer-Model GIF

- Choose a topic
- *Create a gif defining the topic you chose or a key vocabulary word within that topic.*

Reflect on learning

Build metacognition with WeVideo

Record a webcam or audio reflection responding to reflection questions:

- What did you learn about ___
- Tell me about any problems you had while working on the project and how you fixed them. What did you learn from working together with your classmates?
- How do you think the videos will help our school be better at ___?
What can you do to continue promoting ___?

Brainstorm

What type of authentic assessment can you envision using in your course?

A large, empty rectangular box with a teal border, intended for brainstorming ideas. It is connected to the 'Brainstorm' cloud by a thin teal line.
